Surplus Crown Property

Disposal Report

For the Period

April 1, 2003, to March 31, 2004

NOVA SCOTIA

Transportation and
Public Works

Nova Scotia

Department of Transportation and Public Works
Office of the Minister

PO Box 186
Halifax, Nova Scotia
B3J 2N2

Our File Number:

March 31, 2004

The Honourable Myra A. Freeman
Lieutenant Governor
Government House
1451 Barrington Street
Halifax, NS
B3J 2Z2

May It Please Your Honour:

In accordance with the *Surplus Crown Property Disposal Act*, I respectfully submit the report of Surplus Crown Property Disposal for the Department of Transportation and Public Works for the fiscal year ending March 31, 2004.

I have the honour to be, Madame,

Your obedient servant,

Honourable Ronald S. Russell, CD

SURPLUS CROWN PROPERTY DISPOSAL REPORT
FOR THE PERIOD APRIL 1, 2003, TO MARCH 31, 2004

PREFACE

The disposition of surplus items is conducted under the authority of the *Surplus Crown Property Disposal Act*.

There are many varied reasons for the disposal of items of surplus. They include, but are not limited to, the following:

- condition
- value in redistribution within government;
- market value;
- value to a non-profit group versus saleable value to government;
- physical location and subsequent cost to move, disconnect and/or otherwise dispose of;
- any restrictive policy of the user department on re-use of the item within the Government; and
- other specific directions or recommendations that may be provided by the department at the time the item is declared surplus;
- solid waste diversion program.

The Department of Transportation and Public Works disposes of surplus items after they have been officially identified and declared surplus, in writing, by the user department. The disposals are carried out in keeping with the *Surplus Crown Property Disposal Act*.

The descriptions listed are meant to be a guide to the type of surplus disposed of and may not include all of the items disposed of in the particular lot.

DEFINITION OF CODES

TPW	Transportation and Public Works
NP	Non-Profit/Non-Government
AU	Auction
SW	Scrap Waste
RC	Recycle
VHF	VHF Assets
HW	Miller Lake (Highway Equipment)
SC	School Construction

INDEX

Section A	Surplus Disposal	-	Real Property
Section B	Surplus Disposal	-	Public Auction
Section C	Surplus Disposal	-	Public Tender
Section D	Surplus Disposal	-	Non-Profit/Non Government Agencies
Section E	Surplus Disposal	-	Scrap Waste
Section F	Surplus Disposal	-	Recycle
Section G	Surplus Disposal	-	Computers for Schools Program
Section H	Surplus Disposal	-	VHF Asset Disposal
Section I	Surplus Disposal	-	Public Auction - Miller Lake (Heavy Equipment)
Section J	Surplus Disposal	-	School Construction

SECTION A
Category One: Disposal - Real Property

This category covers items of surplus in the Real Property classification. Real Property, in general, is considered land or buildings that are deemed surplus to the needs of the various government departments responsible for their management.

There are **fifty-four (54)** transactions in this category.

SECTION B
Category Two: Auction (Agent)

This category covers those items of surplus, not including Real Property, that have a minor monetary value but, after investigation by departmental supply technicians, are deemed to have no known future use within the government. In addition, it would be determined by surplus inventory staff that the item could not economically be refurbished.

Through a public Request for Proposals under Tender No. 60085698, A & A Auctioneers & Appraisers Limited, 9 Estates Road, Sackville Business Park, Sackville, Nova Scotia, B4C 3Z2, was awarded a three (3) year contract to carry out auctioneering services for Government surplus goods covered under the *Surplus Crown Property Disposal Act*.

There are **thirty-two (32)** transactions in this category.

SECTION C
Category Three: Purchase and Removal - Public Tender

This category covers items of surplus, not including Real Property, that were publicly tendered for purchase and removal from specific locations throughout the Province.

There are **eleven (11)** transactions in this category.

SECTION D
Category Four: Disposal - Non-Profit/Non-Government

This category covers items of surplus, not including Real Property, that do not have a current or foreseeable use within government. However, as a result of a written request to the Minister from a non-profit organization and subsequent approval consistent with the *Surplus Crown Property Disposal Act* and its Regulations, and an internal departmental recommendation, the surplus item is matched to an approved request. The dollar value of these items, based on their condition, is negligible, however the value to a non-profit agency is deemed adequate compensation in lieu of disposal of items through auction or public tender.

There are **one hundred four (104)** transactions in this category.

SECTION E
Category Five: Scrap Waste

This category encompasses items of surplus, not including Real Property, that have been determined to be, upon inspection, of no value to government and are in such condition that refurbishing is uneconomical. Any reusable or recyclable components are removed prior to disposal. The use of this option may also be based on environmental or safety considerations such as the obsolescence of the item; i.e., baby crib, mattresses, medical equipment, et cetera.

There are **forty-nine (49)** transactions in this category.

SECTION F
Category Five: Recycle

This category encompasses items of surplus that have been removed from various pieces of furniture and equipment destined for landfills throughout the Province. These pieces are then sent to, or picked up by, various organizations committed to the Province's continuing

program on the diversion of solid waste from Provincial or Municipal landfills.

There are **twenty-four (24)** transactions in this category.

SECTION G
Category Seven: Disposal - Computer Equipment

This category covers surplus computer equipment. In 1994 the Executive Council approved a plan that would have government embark on a program that would see all surplus government computer equipment redistributed throughout the Public School System under The Computers for Schools Program.

There are **fourteen (14)** transactions in this category.

SECTION H
Category Eight: Disposal - Surplus VHF Asset Disposal

As a result of the successful implementation of the new Trunked Mobile Radio System and a commitment to public safety services, the Province, through Order-in-Council 2002-439, donated redundant, but reusable, VHF (Very High Frequency) radio equipment, including network components and subscriber radios, to volunteer, not-for-profit, public safety organizations; including Volunteer Fire Departments, Ground Search and Rescue Associations, Municipal Emergency Measures Organization coordinators, and amateur radio operators (HAMS) across the Province.

There are **ten (10)** transactions in this category.

SECTION I
Category Nine: Auction - Miller Lake (Heavy Equipment)

In addition to the *Surplus Crown Property Disposal Act*, this category, under the *Public Highways Act*, also covers the sale, lease or disposal of such other machines or implements as are used in connection with the construction or maintenance of the highways.

There are **seventy-seven (77)** transactions in this category.

SECTION J
Category Ten: Surplus Disposal - School Construction/Renovation

This category, covers surplus furniture and equipment that was used to reduce capital cost

associated with outfitting new school construction or renovations. Financial savings earned through this process were put directly back into each individual project.

There are **six (6)** transactions in this category.

REVENUE GENERATED BY DISPOSAL (BY CATEGORY)

Section A	Real Property	$3,095,213.89
Section B	Public Auction	$87,146.41
